Yet another fine book in this cozy paranormal mystery series By SherlockBusiness is bustling at the BB, the bake shop and candy store and jewelry store, all owned by the four Roseland sisters and Mr. Finch. It is October and the town has a Scarecrow contest as part of the annual festivities. For unknown reasons, their two cats Euclid and Circe seem unusually agitated, and Mr. Finch has a foreboding sense that they are all in danger. Ominously, five crudely made scarecrows and effegies of two cats are set on fire in the town common. Shortly afterwards, Tom and Jenna's house is broken into, and another house is set on fire. The police and family seek to find the perpetrators before worse things can happen. This is a clever and well written mystery with unusual twists and turns, filled with likeable main characters who always love and support each other. 0 of 0 people found the following review helpful. It's Halloween With the Roseland Sisters! By J amp; L Rigod It's Halloween and the common is filled with Scarecrows for the festival, but, there are seven not authorized and there begins this darker (not overly dark,) tale. Is this about Witchcraft? Or is someone after our Roseland sisters. This tale weaves a story connected back through the ages and makes you wonder just who is behind it all. I did not figure it out until the author told me and still I'm rethinking it. A darn good tale. There are strange characters and familiar characters that will surprise you. Sweet Cove has hidden depths. And, I just adore these Sisters and their Mr. Finch and their boyfriends/fianceacute; etc. This is a keeper series. Off to the final volume that has been published...I pray there will be more. 3 of 3 people found the following review helpful. Another Winning Sweet Cove book! By Customer This is book 7 of the series, which can be read individually or in any order, but I highly recommend starting with the first and reading in order. 4 sisters, their 2 cats and assorted family friends will quickly find a way into your hearts. The mysteries are intriguing and the sister's backgrounds and interactions with each other and others in town grow deeper with each book. The recipes included are yummy also.

This is book 7 in the Sweet Cove Mystery series. Although the main mystery is solved in each story, the books should be read in order to enhance your enjoyment as some story threads run from book to book. It is October in Sweet Cove, Massachusetts and the Roseland sisters and Mr. Finch are enjoying the fall season until Police Chief Martin asks them to come to the town common to see something that might be a threat to the family. Newcomers to town add to the mystery of who wants to harm the sisters, Mr. Finch, and their two fine felines. Danger is brewing and the family must
